For any free hit, the striker can only be dismissed under the circumstances that apply for a no ball even if the delivery for the free hit is called a wide.

Changes to fielding positions are only permitted if a different batsman is on strike for the free hit delivery. The bowler's end Umpire will signal a free hit by (after the normal no ball signal) extending one arm straight upwards and moving it in a circular motion.

Also any ball which passes outside the line of the leg stump, regardless of width, shall be called a wide.

Note: A leg side wide can only be called if the ball passes behind the batsman. If the ball passes between the batsman and the leg stump – wide will not be called. The above provisions do not apply if the striker makes contact with the ball.
