GIRLS LEADERSHIP PROGRAM

The Cricket Victoria Girls Leadership Program provides Year 7 & 8 girls the opportunity to develop their leadership skills through an interactive online program and face-to-face forums. The program encourages young girls to continue their leadership journey after entering secondary school and enables them to become positive role models as they develop into future leaders. This Forum will have a specific focus on how our lives have changed throughout the COVID-19 Lockdown, remote learning, being isolated from our family and friends and what we can do to stay in a positive mindset
